CSMA *Art4Schools* Students Exhibit Artwork at Rengstorff House

MOUNTAIN VIEW, CA – The Community School of Music and Arts (CSMA) and the Friends of “R” House present The Art of Gratitude – an annual student art exhibition at the historic Rengstorff House in Mountain View. The free exhibition is open for public viewing from November 1 – November 30. Viewing hours are 11am–5pm on Tuesdays and Wednesdays, and 1-4pm on Sundays. There will be an artist reception on November 16 from 5:00-7:00pm. Rengstorff House is located at 3070 N. Shoreline Blvd. in Mountain View.

On display will be art from Mountain View elementary school students who take part in CSMA’s in-school art education program, *Art4Schools*. All students receive weekly art instruction from professional arts educators as part of their regular school day. The students participated in the “Art of Gratitude” theme through creative explorations in drawing and painting. Students showed gratitude for literature by illustrating scenes from their favorite books, and gratitude for food with bright collages, while other students reflected on what truly makes them happy.

The historic Rengstorff House is located at the end of Shoreline Blvd. by the bay in Mountain View. The mission of the Friends of “R” House is to contribute to the preservation and public knowledge of the Rengstorff House, the Rengstorff family and the history of Mountain View through various activities and events, including community outreach, educational events and research.

CSMA’s in-school visual art and music programs (*Art4Schools* and *Music4Schools*) serve over 18,000 students at 50+ schools in Santa Clara and San Mateo Counties. Taught by professional CSMA arts instructors as part of the school day, these programs provide quality arts education to Grades K-8 students through in-depth, sequential curricula that meet California State Educational Standards. CSMA’s award-winning in-school *Art4Schools* curriculum develops hands-on technical skills as well as an appreciation and cultural understanding of art and its history. Visual arts lessons coordinate with students’ classroom activities to become an integral, enriching part of each child’s education.
